

## Mossy Cave - Bryce Canyon National Park

**RATING:** Easy Walking

**LENGTH:** 1+ hours

**MAPS:** Tropic Canyon, UT

**SEASON:** Any

### **Hype:**

Mossy Cave and waterfall is a roadside attraction on the east side of Bryce Canyon National Park. It is popular. A short hike leads to a photographers paradise.

### **Trailhead:**

On highway 12, Mossy Cave is approximately 4 miles east of the junction of Highway 12 and 63. (Alternatively, it is a little over 3 miles west of the town of Tropic.) It is a large pullout on the right (west) side of the road. The trail head has a trail sign and map near the parking area.

### **Route:**

From the trail head, simply follow the wide, well defined trail. After a short distance (.25 miles) and 2 bridge crossings, you will reach a junction. Left is the way to Mossy Cave in 100 meters or so. Right takes you to a very scenic waterfall, also in a 100 meters or so.

There are many great photographic opportunities in this area. Evening seemed to have the best light.
